Education

Kolhapur Institute of Technology

B.Tech in Computer Science and Engineering (GPA: 80%/10)

Kolhapur, Maharashtra

2021 – 2025

Shahu Dayanand Highschool

Higher Secondary Education (HSC) (92.33%)

Kolhapur, Maharashtra

2019 – 2021

Mahaveer English School

Secondary School Certificate (SSC) (89%)

Kolhapur, Maharashtra

2018 – 2019

Projects

Swami Pharma Stock Management | Full-Stack Web Development

Mar 2025

- Designed and developed a full-stack web app for managing medicinal stock for Swami Pharma, overseeing inventory for unique products.
- Implemented a MongoDB database for product info, inventory, and supplier details, facilitating real-time tracking of stock levels and reducing manual inventory checks.
- Built RESTful APIs using Express.js and Node.js for efficient data handling, enabling faster retrieval of stock data.
- Developed user-friendly React.js front-end with stock tracking, order processing, and report generation components.
- Optimized app performance for large datasets and concurrent users, reducing load times for critical inventory reports.
- Gained MERN stack experience, understanding client requirements and solution delivery.

Industry Operator Allocation System and Hardness Detection

Aug 2024

- Built a Flask backend with a React.js frontend system to allocate operators daily based on past work performance.
- Implemented a Random Forest model for intelligent task allocation, optimizing assignments based on operator data and historical performance.
- Developed a hardness detection system using a Convolutional Neural Network (CNN), integrating insights for more precise operator-task matching.
- Processed CSV files containing operator records to analyze efficiency and work history.
- Designed a dashboard using React.js to display operator assignments and hardness detection results, improving allocation clarity for production managers.
- Automated allocation to improve task distribution and reduce manual effort, providing insights into optimizing workflows and identifying IT-driven needs.

Internship

Vinayak IT Solution

Kolhapur, Maharashtra

React Developer (Internship)

Jan 2025 - Mar 2025

- Collaborated with a development team to deliver user-centric web applications, enhancing teamwork and communication.
- Enhanced user experience by implementing interactive interfaces, demonstrating user-centric design and problem-solving.
- Gained practical experience across all phases of the software development lifecycle, understanding IT challenges and solutions.
- Developed and maintained responsive web pages using React.js, JavaScript, HTML, and CSS, improving front-end efficiency.

Leadership and Responsibilities

ACSES - Association of Computer Science and Engineering Students

Kolhapur, Maharashtra

Design Team Leader

2022 – Present

- Led a team of 5+ designers to create **event promotions**
- Organized **10+ events annually**, ensuring on-time delivery and high-quality execution.

Election Literacy Club & Vidhan Sabha Volunteer

Kolhapur, Maharashtra

Member of ELC

2024

- Engaged with community members to promote voter awareness and education, demonstrating strong communication and persuasion.
- Contributed to public outreach initiatives, building rapport and conveying information effectively to diverse audiences.

Technical Skills

- Languages:** C++, Java, C, Python
- Web Development:** HTML, CSS, JavaScript, PostgreSQL, MongoDB, React JS, Node JS, Express.js, Flask
- Tools:** Git/GitHub, Canva
- Coursework:** Algorithms, Data Structures, **OOP**, Database Systems, AR/VR, Computer Network
